LIONS LEO RESPONSIBLE: ROBBY HAEGDORENS (LIONS LEO-CHAIRPERSON MD101 SWEDEN)

GUEST: ERIK GEEL (LEO MD110 NETHERLANDS, TREASURER LEF 2017)

TOPICS:

1. Presentation LEO Linköping

Currently 9 members

Activities:

- Buy one thing more – LEOs are standing in front of supermarkets and ask people to buy one thing more for people, who can't afford to buy enough food for themselves.
- Help refugees
- 2nd hand sales
- Helping Lions with their activities

Future Topic:

- How to maintain the club over the autumn, as many members will be leaving Linköping for studies and work. More members must be gained!

2. Presentation LEO Växjö

Currently about 30 members on the paper – 15 active members

Activities:

- Mainly helping the Lions with their activities (at the Christmas market, preparing and selling Easter decoration, helping at the concert for Lions-scholarships, selling glass on a market)
- Performing a street show with a Chinese instrument to gain money for activities.

LEO Växjö is always looking for new members to maintain the club, too. It is very international with currently Swedish, Chinese, Lithuanian, Japanese, German and Thai members. Most of them are exchange students, who go back to their countries when they are finished with their classes. Therefore LEO Växjö is present with a stand at every University welcome fair (September and February) to gain new members. They are also visiting local high schools to find new members.

3. How to gain new members and charter new clubs?

- Be more present at universities and high schools – visit university fairs and go to open days at schools.
- We need to have more LEO equipment like LEO-flags (suggestion: bought by the Lions to borrow by any LEO Club. Not every Club needs to have their own equipment)
- Lions should ask their children/grandchildren to join or to charter a LEO-Club.
- More ideas are needed! Instead of increasing LEOs in Sweden, it is decreasing!

4. LEO ILO

- Matilda was ILO since 2015. Now we need a new ILO for the next one or two years.
- Inform yourself on www.european-leos.eu and give Robby or Matilda a note if you are interested (interested so far: Hedvig, Thirza)
- Deadline June 1st!!!

5. LEO-Sweden Website

- Robby informed that Lions have fixed a server and a web address: www.leo.lions.se
- We need a LEO to maintain the page
- What should be on there: official info's about LEOs, activities, links to Facebook and e-clubhouse pages, interviews of LEOs, experiences, opportunities etc.
- LEO Blog?

Future Activities:

1. August 12th to 19th: 42nd Leo Europa Forum (LEF) in the Netherlands

- Presentation from Erik Geel (treasurer of the forum)
- Already 5 Swedish LEOs have registered
- Registration: contact@lef2017.rog
- Costs: 595€ or 645€ for registration after June 12th (ask Lions if they can sponsor your LEF)

2. LEO Riksmöte 2018

- Have an own convention apart from the Lions – cheaper, as we can book cottages etc. and have good activities in the region.
- Perhaps in or near Lund: use the weekend to convince students to join and establish a new LEO Club there.
- Preferably a date prior to the Lions convention.
- Robby will take care of the financial questions and LEOs will organize the place to sleep and activities. If it takes place in Lund Aiste can help a lot, as she is currently studying there.

3. Lions Riksmöte 2018

- Rönneby 10-12 maj 2018
- Only send a few (4-5st) strong LEOs with leadership skills with the aim to inform Lions about LEO and to convince Lions Clubs to start up new LEO Clubs / maintain existing ones.
